

RESPONSE TO OBJECTION TO THE DRAWINGS

The Examiner has objected to the drawings under 37 C.F.R. §1.83(a) as failing to show every feature of the invention specified in the claims. In particular, the Examiner asserts that the linear feedback shift register (LFSR) is not shown. Attached is a proposed new drawing sheet which shows an LFSR. LFSRs are well-known in the art. Consequently, no new matter has been added.

Once the Examiner approves this new drawing, Applicants will submit a new formal drawing to the U.S. Patent and Trademark Office.
